

Criteria that must be met prior to Attending the TOADS Course

As per the requirements of IMCA D 013 - IMCA offshore diving supervisor and life support technician certification schemes, the following criteria must be met, and evidence submitted, to Namaka Subsea prior to starting this course.

Trainee Offshore Air Diving Supervisor		Students Name:
Criteria to be met		Evidence Provided (Y/N)
a)	You must hold an IMCA recognised surface supplied diving qualification as set out in the current information note Diver and diving supervisor certificates . If you have comparable training and experience you can contact IMCA for a referral to the IMCA Certification Schemes Co-ordinator for a decision by the assessment panel.	
b)	You must be able to demonstrate your competence as an offshore air diver in accordance with the Job Category D05 of IMCA C 003 – Guidance document and competence tables: Diving Division. Completed 100 offshore commercial dives. Note: Dives within your logbook that have not been stamped and/or signed by the supervisor will not be accepted as a qualifying dive.	
Electronic copies will be accepted during the application process, but original logbooks must be presented at the start of the course for a final check.		Final Check

The evidence listed above and this form must be submitted to info@namakasubsea.com and accepted by Namaka Subsea prior to confirming course dates.

To be completed by the Student			
Signature		Date:	

Once evidence has been accepted, payment in full must be made prior to starting the course.

Failure to comply with any of the above will result in the student not being able to attend the course and sit the course exam, which is a requirement of the IMCA process to sit the IMCA Air Diving Supervisors exam.

To be completed by Namaka Subsea Ltd
